

Program Must Run After School

One of the basic requirements for running AMP is that you must be running your afterschool program outside of regular school hours. If you're running your program while school is in session, you won't be able to use AMP.

Afterschool programs typically run during the week shortly after normal school hours, during vacations throughout the school year and on weekends. For summer programs, including summer school, the [Summer Food Service Program](#) could be a great option.
